Subject: Happy Friday - Terada Out Today (Sheila Fleming Acting DD)

Dear Colleagues,

Happy Friday! What another week of change! If you have not had a chance to read a message that I send out earlier this week, I just wanted to thank again Jeff for his service over the last two and half months working as our Acting Deputy Director. Please also join me again in welcoming home Sheila as our permanent Deputy Director. It is absolutely fantastic to have nearly all of our permanent SEMD management team in place now so that we can continue to transform our division in order to meet all of the challenges that the future holds for us.

Just in case, if you have not had a chance to watch the video message from President Biden to career federal employees (recorded 1/5/2021), the YouTube link is below. Everyone in SEMD has important roles and responsibilities so that we together can keep our communities safe and healthy. I thank you for your continued commitment, professionalism, and resilience as amazing public servants!

I am on my regular day off today and so Sheila will be serving as the Acting Director during my absence.

I wish you all a wonderful weekend,

Calvin
